Handbook of Research on Instructional Systems and Technology

Volume II

Terry T. Kidd
University of Texas Health Science Center School of Public Health, USA

Holim Song
Texas Southern University, USA
Handbook of research on instructional systems and technology / Terry Kidd & Holim Song, editors.

Summary: "This book provides information on different styles of instructional design methodologies, tips, and strategies on how to use technology to facilitate active learning and techniques to help faculty and researchers develop online instructional and teaching materials. It enables libraries to provide a foundational reference for researchers, educators, administrators, and others in the context of instructional systems and technology."—Provided by publisher.

Includes bibliographical references and index.

1. Instructional systems--Design. 2. Educational technology. 3. Educational innovations. I. Kidd, Terry. II. Song, Holim.
